Save Status

5. Save Status with Serial Number

The screenshot shows a web browser window with a sidebar menu on the left containing 'ViewQuest', 'Main Dashboard', 'Print QR Code', and 'All Users'. The main content area is titled 'Print' and contains a form for 'TEST ID WITH SERIAL NUMBER'. The form has a text input field containing the serial number '128_79024809553204675'. Below the input field is a 'GENERATE' button. The output of the generation is a standard 1D barcode and a square QR code.

User Management for qc-portal

The screenshot shows a web browser window with the URL `qc-portal.com/users`. The page title is "Users" and the breadcrumb is "Home > Back". The left sidebar contains "ViewQwest", "Main Dashboard", "Print QC/QR Code", and "Add Users". The main content area has a table of users with columns for Username, Level, Last Login, and Options. There are "Add User" and "Refresh" buttons at the top of the table.

Username	Level	Last Login	Options
admin	Admin	2018-11-16 09:41:58	Edit
rimsan	Admin	2018-12-06 03:00:58	Edit
prem	Admin	2018-12-06 02:50:46	Edit
lan	Admin	2018-11-26 08:22:09	Edit
hello	User	not-yet	Edit
root	Admin	2018-11-27 08:18:34	Edit

Add Users / Edit

The screenshot shows a web browser window with the URL `qc-portal.com/user?id=1`. The page title is "User" and the breadcrumb is "Home > Back > admin". The left sidebar is the same as the previous screenshot. The main content area contains a form for editing a user. The form fields are: Username (admin), Password (masked with dots), User Level (Admin), and an Update button. A timestamp "2018-12-06" is displayed below the form.

Username: admin
Password: ****
User Level: Admin
Update
2018-12-06
